

*MTH PREMIER UP HERITAGE DRGW FEF NORTHERN 844 “WHAT IF”*

*THE UP FEF Northern 844, built in 1944 by ALCO, has never left active duty service! We see it on excursion service and even double headed with the glorious 4014 Big Boy. What if Union Pacific painted up this steamer to accompany the SD70ace DRGW Heritage 1989?*

Aspen Gold and Shale Grey with bright silver painted truck side frames and wheels adorns our model. It has NOT been produced previously by Lionel or MTH.
