The Rail King 60' Madison passenger car offers good looks and realism to any O Gauge layout. With their durable ABS construction and die-cast trucks and couplers, these passenger cars were redesigned for years of operating enjoyment.

The Madison cars come fully assembled, decorated, and ready to use right out of the box. Simply place them on the track and couple them to a train. They feature detailed interiors and an illuminated interior controlled from track power. Follow the easy instructions in this booklet to change the lights in your 60' Madison cars.
